

HEALING PATH PROGRAM

Intro to the new Healing Pathways Program:

- *An overview of the Model*
- *What it is and How it Works*
- *Looking After Yourself (Self-Care)*

This training will provide an overview of our new Healing Pathways Program and give you a deeper understanding of how it will work to guide us in helping to heal our kids from their trauma and assist them to reach their full potential. However it will also highlight the importance of the role you will play in making this work for the child/children in your care.

As part of that we will work through some strategies to assist you in looking after yourself as a priority so you can provide the best for the child/children in your care.
